ITEM LPP045/19 - PLANNING PROPOSAL FOR AN ADDITIONAL PERMITTED USE OF EDUCATIONAL ESTABLISHMENT AT 2 PERCY STREET, AUBURN

**RECOMMENDATION:**

---

**1. The Panel advises the Council as follows:**

- a. That Council's attention be drawn to the proposed use being inconsistent with the objectives of the current IN2 Light Industrial zone.
- b. The proposed student population together with teachers and support staff appears to be an excessive scale of development given the size and constraints of the site and the locality.
- c. An educational establishment may be an acceptable land use on the site and recognises the demand for such a facility within the community subject to the above.

**2. The Panel recommends that the Council consider the above advice, and in particular items 1a and 1b when determining the form of the Planning Proposal in achieving the objective of the proposed educational establishment on the site.**
