BACKGROUND / INTRODUCTION

Cumberland Council values the contribution of volunteers and recognises that the work they undertake contributes to improving the quality of life and the quality of the environment in Cumberland Local Government Area.

Volunteers work alongside staff to deliver and enhance a broad range of services and programs offered by Council. The activities undertaken are of benefit to the Council and the local community and complement, but do not replace, the services and programs provided by paid staff. Volunteers also assist Council by developing links in the local community and encouraging community cohesion and independence.

Volunteering is undertaken:

- To be of benefit to the community and the volunteer;
- Of the volunteer's own free will and without coercion;
- For no financial payment (apart from reimbursement of expenses as appropriate);
- Do not replace the services and programs provided by paid staff; and
- In designated volunteer positions only.

PURPOSE

The purpose of this Policy is to:

- Provide opportunities for community minded residents to participate in Council program or services as volunteers;
- Establish a high quality and consistent standard approach to recruiting, training and managing volunteers across all areas and activities of Council;
- Ensure that all volunteers are treated with equity, fairness and respect and used ethically;
- Recognise and value the contributions made by volunteers;
- Ensure that Council's resources are used efficiently and effectively to maximise benefits to the individual, community and Council; and
- Ensure that service continuity is assured, set standards and rules, and reduce liabilities.

SCOPE

This policy applies to:

- All individuals applying to volunteer with Council;
- Members of Council Committees and Panels (unless they participate in as part of their paid employment);
- All individuals and organisations volunteering in activities coordinated by Council such as Clean Up campaigns, environmental groups and community events.

The following people and positions are not considered volunteers for the purpose of the policy:

- Councillors who carry out activities as part of their local government duties;
- Council staff who volunteer with external organisations as part of their work;
- Community organisation representatives who work with Council as part of their paid employment capacity, unless they engage in duties and/or activities outside of and separate to their substantive paid role;
- Secondary and tertiary students fulfilling work experience requirements as part of their studies;

DEFINITIONS

Volunteer: A volunteer is a person who supplies labour:

- For no financial reward by Council;
- At no direct financial cost to the volunteer;
- Of their own free will and without coercion;
- For community benefit, self-benefit and environmental benefits;

Sensitive Position: A 'Sensitive Position' is one where a volunteer may:

- Be working with vulnerable people such as elderly and frail, young children and individuals with disability;
